# DIRECTORY OF PULPWOOD DEALERS IN GEORGIA

ISSUED BY  
GEORGIA FORESTRY COMMISSION

## F O R E W O R D

This Directory is published for the purpose of acquainting landowners and Forestry Commission personnel with Pulpwood Dealers in their respective areas. We have included all major wood dealers that purchase wood in Georgia and their specifications.

The inclusion or omission of any company, dealer or individual does not mean an endorsement, nor condemnation.

James H. Hill  
Assistant Director  
In Charge of Management

REVISED BY GEORGIA FORESTRY COMMISSION - 1952

First edition issued by Agricultural Extension Service

1947

Sum

1. The first of these is the fact that the number of people who are employed in the service of the government is increasing at a rapid rate. This is due to the fact that the government is becoming more and more involved in the affairs of the people, and is therefore requiring more and more people to work for it.
2. The second of these is the fact that the number of people who are employed in the service of the government is increasing at a rapid rate. This is due to the fact that the government is becoming more and more involved in the affairs of the people, and is therefore requiring more and more people to work for it.
3. The third of these is the fact that the number of people who are employed in the service of the government is increasing at a rapid rate. This is due to the fact that the government is becoming more and more involved in the affairs of the people, and is therefore requiring more and more people to work for it.
4. The fourth of these is the fact that the number of people who are employed in the service of the government is increasing at a rapid rate. This is due to the fact that the government is becoming more and more involved in the affairs of the people, and is therefore requiring more and more people to work for it.
5. The fifth of these is the fact that the number of people who are employed in the service of the government is increasing at a rapid rate. This is due to the fact that the government is becoming more and more involved in the affairs of the people, and is therefore requiring more and more people to work for it.
6. The sixth of these is the fact that the number of people who are employed in the service of the government is increasing at a rapid rate. This is due to the fact that the government is becoming more and more involved in the affairs of the people, and is therefore requiring more and more people to work for it.
7. The seventh of these is the fact that the number of people who are employed in the service of the government is increasing at a rapid rate. This is due to the fact that the government is becoming more and more involved in the affairs of the people, and is therefore requiring more and more people to work for it.
8. The eighth of these is the fact that the number of people who are employed in the service of the government is increasing at a rapid rate. This is due to the fact that the government is becoming more and more involved in the affairs of the people, and is therefore requiring more and more people to work for it.
9. The ninth of these is the fact that the number of people who are employed in the service of the government is increasing at a rapid rate. This is due to the fact that the government is becoming more and more involved in the affairs of the people, and is therefore requiring more and more people to work for it.
10. The tenth of these is the fact that the number of people who are employed in the service of the government is increasing at a rapid rate. This is due to the fact that the government is becoming more and more involved in the affairs of the people, and is therefore requiring more and more people to work for it.

-4-  
COOSA RIVER NEWSPRINT COMPANY  
COOSA PINES, ALABAMA

PINE PULPWOOD SPECIFICATIONS:

<u>Species</u>	- All Pine Species
<u>Length</u>	- Sticks must be sawed (not chopped) 63 inches 5'3" long.
<u>Diameter</u>	- Not less than 4" diameter outside bark at small end of stick, and not over 16" diameter outside of bark at any point. Sticks over 16" diameter at large end must be split into quarters.
<u>Quality</u>	- Wood must be cut from sound, live pine trees. Sticks must be free of dead, doty and rotten wood. Sticks having burls, cankers, crotches, turpentine faces or cat faces will be rejected. Excessively knotty sticks cut from tops of trees and very crooked sticks will be rejected. Sticks containing wire, nails, or metal, are not acceptable.
<u>Workmanship</u>	- Saw cuts at both ends of stick must be straight and square. Knots and branches must be trimmed close and even with surface of stick.
<u>Loading</u>	- Load rack cars only. Wood must be piled straight, even and compactly on cars. Load cars to a minimum of 12 cords. Any excess freight or extra handling due to improper loading will be charged back to shipper. Do not ship pine and hardwood on the same car. No cars containing both pine and hardwood will be acceptable. In delivering wood to the mill yard by truck, keep truckloads of pine and truckloads of hardwood spearate. No mixed truckloads containing both pine and hardwood will be accepted.

All wood is accepted subject to inspection and measurement at our mill.

ST. JOE PAPER COMPANY  
Tallahassee, Florida

PINE PULPWOOD SPECIFICATIONS:

- Species - Any variety of pine wood, unpeeled.
- Length - Sticks must be sawed (not chopped) in 5'3" lengths
- Diameter - No wood under (4) inches in diameter outside the bark at the small end will be accepted.
- Standards
- 1. All wood must be cut from sound, reasonably straight live trees.
  - 2. Limbs, branches and knots must be trimmed off smooth with the stick. No crotches, forks or very crooked wood will be accepted.
  - 3. Sticks must be free of dead wood, red heart, rot, doty and catfaces.
  - 4. Burned or charred sticks will not be accepted unless all char is removed down to the green wood before delivery. If the char does not go below the bark the wood will be accepted.
  - 5. All wire, nails or metal of any kind must be removed before delivery. Failure to remove all metal will result in severe penalty.
  - 6. Sticks (16) inches or more in diameter outside bark at largest point will be accepted round until further notice.
  - 7. Sticks less than (16) inches in diameter outside bark at largest point will be accepted round.

Acceptance is subject to inspection and measurement upon delivery at the plant.

<u>DEALER</u>	<u>ADDRESS</u>	<u>COUNTIES</u>
Leo Bateman	Camilla, Georgia	Mitchell, Grady, Decatur

George W. Peake	Eufaula, Alabama	Miller, Early

ST. MARYS KRAFT CORPORATION  
St. Marys, Georgia

PINE PULPWOOD SPECIFICATIONS:

1. The wood must be sound and green.
2. The wood must be 4" or more at the small end and not more than 16" at the largest diameter and in 63" lengths.
3. The wood must be sawed - not chopped.
4. Limbs and knots must be closely trimmed smooth with the bark.
5. No forked wood will be accepted.
6. Scars and cankers must be hewed out.
7. Doty heart rot is not accepted if the rot exceeds 1" in diameter.
8. South red heart wood is acceptable.
9. No burned wood will be accepted.
10. All wood must be delivered to the mill within 30 days from the time it is cut.
11. Cat faces must be clean of all metal and not exceed a reasonable proportion of the wood delivered.

Wood will be measured and inspected at the St. Marys Kraft Corporation, St. Marys, Georgia, and such inspection and measurements will be final.

Deductions will be made in wood measurements for failure to meet any of the above requirements.

---

The policy of this company will not allow the distribution of the names of their representatives nor the counties from which wood is drawn.
